& Saturday, December 8th from 6:30-10:30.

WHERE:

The Orange County Extension Office (6021 S. Conway Road, Orlando. Just 7.1 miles from the Florida Mall.)

4-H
EXPLODING
BACON
ROBOTICS CLUB

OINK OINK BOOM!!!!

Proceeds benefit Exploding Bacon, a 4-H Club that participates in FIRST robotics. Our team has been thriving and growing since its inception in 2006. At the first meeting that year there was a total of six kids and three adult mentors. By kickoff, which was only the second meeting, the team had grown to ten kids, from four different schools, and roughly six adult mentors. Since then the team has grown to one FRC team, 5 FLL teams and 1 Jr FLL team, with roughly 80 students (6-18) in more than fifteen schools from four counties, with a plethora of college and professional mentors leading the way.
